

GREATER CHARLOTTE CHAPTER

Greater Charlotte Chapter SFPE Newsletter

February 2018

Greetings from your President

When joining an organization it's important to ask yourself how will this benefit me personally, professionally and how can I maximize value. I have been a member of SFPE for 6+ years now and an active board member for 5 of those years. The Greater Charlotte Chapter has been instrumental in my career by establishing networks and professional development. The monthly meetings allow me to stay on the cutting edge of technology within fire protection and offer my customers the best solution. The networking at the events also gives me the ability to discuss current challenges or topics that we encounter day to day. I was encouraged to start attending by a current member (Jack Britton) and it was invaluable to my career. Please take the time to think about other people you know that may benefit from a great organization!

I also want to share a website that I discovered recently. Many of you know George Wagner, who sent an article that showed a sprinkler system controlling an apartment fire. The website tracks all reported fires around the country. I found it to be very interesting...

SFPE Corporate 100

The SFPE Corporate 100 Program was founded in 1976 to strengthen the relationship between industry and the fire protection engineering community. Membership in the program recognizes those who support the objectives of SFPE and have a genuine concern for the safety of life and property from fire. To join the Corporate 100 Program (Business Membership in SFPE) please contact Sean Kelleher 301-718-2910 ext. 101. Please visit the SFPE website for additional information and associated forms.

ALLIED PROFESSIONALS

The Carolina's chapter has many individuals on our mailing list who do not qualify for Professional or Associate Member status with SFPE but are still interested in the services that the organization provides. In 2000, SFPE began to recognize such individuals and has created the Allied Professionals program to reach out to such individuals to give them the opportunity to interact with the fire protection engineering community, without membership in SFPE. This is a special program to meet the needs of those with whom the engineering community works on a daily basis.

Chapter Sponsors & Corporate Members

Promote your company in the Greater Charlotte Chapter newsletter and our website. Complete a sponsor form attached to this newsletter and send your business card and check payable to SFPE. Your money is used to support chapter operations and special projects.
