### Firestop

Firestop is widely recognized as a problematic issue for facilities engineering professionals. It is perhaps the most misapplied and misunderstood segment on life-safety in modern construction. This discussion will provide a detailed discussion on firestop technologies and applications.

**Presenter: Jay Guidotti, Territory Manager with Specified Technologies, Inc.**

Graduate with a degree in Industrial Distribution and a Minor in Marketing from Western Carolina University in 2002.

Employed by Specified Technologies Inc, NJ for 12 year. I am the Territory Manager for NC, SC, and Bermuda. Came out of Western Carolina into distribution selling construction supplies including firestop before taking the position with STI.

Born and raised in Charlotte and married to the great and all-powerful Felicia Segovia.

*Please forward this invitation to other industry professionals who are interested in the educational and networking opportunities provided by SFPE. SFPE is an extremely valuable resource to our local community and we need your support. We will have a key focus this year on growing our membership, our monthly meeting attendance, and the value we bring to our members each month and to our community. We welcome all AHJ's, specifiers/consultants, contractors/installers and owners involved in fire protection and life safety.*
