

GREATER CHARLOTTE CHAPTER

Greater Charlotte Chapter SFPE Newsletter

January 2019

Greeting for your President

After our largest meeting attendance of 34 for our January meeting, we have a special opportunity in February! SFPE National will be holding their quarterly board meeting in Charlotte, at the UNCC campus. The SFPE Charlotte & SFPE UNCC Student Chapters have worked with National to get a seminar planned during their time in town for this board meeting. This will be a unique opportunity to interact with SFPE National board members and get some great training at the same time! Brian Meacham will be presenting the SFPE Engineering Guide to Performance-Based Fire Protection and case-study examples with illustrate the application of the process to design challenges. This will be a 4-hour seminar with PDH's & CEU's for all in attendance.

Please Support with your Attendance!

ALLIED PROFESSIONALS

The Carolina's chapter has many individuals on our mailing list who do not qualify for Professional or Associate Member status with SFPE but are still interested in the services that the organization provides. In 2000, SFPE began to recognize such individuals and has created the Allied Professionals program to reach out to such individuals to give them the opportunity to interact with the fire protection engineering community, without membership in SFPE. This is a special program to meet the needs of those with whom the engineering community works on a daily basis.
